Subject: Trip Report for VSI Activities at the

Eagle Signal Site, 736 Federal Street,

Scott County, Davenport, Iowa

(IAD051001337)

Dear Mr. Herstowski:

CDM Federal Programs Corporation (CDM) was tasked by the United States Environmental Protection Agency (EPA) to conduct a Visual Site Inspection (VSI) at Eagle Signal site in Davenport, Iowa. The VSI team arrived at the site at 9:00 a.m. on May 13, 1992.

An introductory meeting with Eagle Signal personnel was conducted upon arrival at the site. The purpose of this meeting was to familiarize the Eagle Signal personnel with the RCRA Facility Assessment (RFA) process and objectives. The attendance list for the meeting is presented below.

Name Organization/Responsibility

Dick Erickson Eagle Signal Manufacturing Manager
Cecilia Masson CDM Site Manager
Patty Roberts CDM Site Safety Officer

After the initial briefing, the VSI team and the Eagle Signal representative conducted a tour of the entire facility. During the tour, CDM personnel photographed all Solid Waste Management Units (SWMUs) and other areas of interest. The VSI team inquired about all processes, past and present, undertaken at the facility. All activities, including photograph descriptions, were documented in a field log book by the CDM Site Manager.

Following the facility tour, a debriefing was held with the Eagle Signal representative to discuss any remaining issues of concern. The VSI team departed at approximately 1:45 p.m.

Pertinent file information was obtained directly from Eagle Signal personnel onsite. Additional information was requested to be sent directly to EPA.

If you have any questions concerning activities conducted during the VSI of the Eagle Signal facility, please contact me at (703) 968-0900.

Sincerely,

CDM FEDERAL PROGRAMS CORPORATION

Cecilia Masson
